						Address 6689-1, Miyata-mura, Kamiina-gun, Nagano-ken, 399-4301 Japan		
Strength Quick launching new products is one of our strengths and areas we focus on. Our customers demand speed in launching products which require advanced technology, designing and manufacturing the jigs and equipment for product launch in-house, which allows us to minimize the time required to incorporate feedback from the field. Besides, we offer high value-added products ensuring quality and cost to our customers.						Certification ISO : 9001 PDMA (Class): None Certified STD. (Overseas): None
