Product/Technology Ultrafine precision grooving of ceramics (material: zirconia)						Company HATAKEN.CO., LTD.		
USP <i>Unique Selling Proposition</i> * Competitive edge process of micro precision machining of ceramics materials * Precision machining of parts for medical devices 						URL http://www.v-hataken.co.jp/english/english2.html 		
						Contact TEL: +81-263-82-8300 E-mail: misawa@v-hataken.co.jp		
						Address 8183-2, Hotaka, Azumino-shi, Nagano-ken, 399-8303 Japan		
						Certification ISO: 9001, 14001 PDMA (Class): None Certified STD. (Overseas): None		
Strength <ul style="list-style-type: none"> Cutting technology applicable to difficult-to-machine materials Ultrafine precision machining technology directing to ceramics and glass 						Notes None
