Product/Technology High precision machining of difficult-to-cut materials such as titanium, Inconel and Hastelloy						Company MARUTAKA CO., LTD.		
USP <i>Unique Selling Proposition</i> If you are having trouble processing SUS, titanium, duralumin, Inconel, Hastelloy, heat-resistant and corrosion-resistant alloys, etc., please do not hesitate to contact us.						URL https://www.marutaka-ss.com/company/		
						Contact TEL: +81-266-27-8424 E-mail: morozumi.hideki@marutaka-ss.com		
						Address 1-2-45 Osachi-Minamoto, Okaya-shi, Nagano-ken, 394-0086 Japan		
						Certification ISO : 9001 PDMA (Class): None Certified STD. (Overseas): None		
Strength 1. Strengths found in aircraft and medical material processing 2. Polishing, plating, anodizing, and heat treatment secondary processes are also available. 3. We can handle everything from mass production to prototyping.						Notes <ul style="list-style-type: none"> Processing difficult-to-machine materials to secondary processing applicable Prototyping to volume production leveraged QMS developed by handing of aircraft industries
